

WEEK 10 KINDERGARTEN ACTIVITIES FOR HOME LEARNING

Please try to do at least one activity from each column each week.

A goal of 1 hour of learning a day for your child is optimal.

OBJECTIVES WE ARE WORKING ON THIS WEEK

- Explore self expression through art materials
- Be able to listen to a story, discuss the events and answer questions related to it.
- Form some recognizable letters
- Using materials from the environment to explore, build and create
- Sort objects based on a single attribute
- Seeing traces of God in others and the world around them

Literacy	Numeracy	Wellness	Religion	Play
<p>Make an alphabet collage! Go through old magazines and/or flyers and cut out each letter of the alphabet. Arrange the letters from beginning to end and glue them to a piece of paper or cardboard.</p>	<p>Write the numbers 1-10 on slips of paper and fold them up. Have a family member write actions (ie: jumping jacks, hops, stomps, twirls etc...) on slips of paper. Draw a slip from each pile. Do the exercise the correct number of times.</p>	<p>Hug Jar</p> <p>Make some hearts and put them in a jar. Label the jar "Hug Jar." When someone in your family (including you!) needs a hug, they can take out a heart and give it to the person they would like a hug from.</p>	<p>Sunday, May 31st is Pentecost Sunday. Make a dove craft to represent the Holy Spirit.</p>	<p>Play "Which is better?" with a family member. Have a family member ask you an "or" question (i.e. Which is better: a chocolate bar or ice cream cone?) You answer it and then ask them a question.</p>
<p>Think about your favourite recipe. Can you write or draw the ingredients and steps involved with making this recipe?</p> <p>Think about using words like first, then, next, last.</p>	<p>Listen to this 3D song 3D Shapes Song Shapes for kids The Singing Walrus</p> <p>Can you find a cone, a sphere, a cylinder and a cube in your home?</p>	<p>Tell a joke to someone in your family. Have them tell you a joke.</p>	<p>Mrs. Chan's birthday is June 8th!</p> <p>Make Mrs. Chan a birthday card thanking her for all her hard work in our school. You could even mail your card, drop it off at the school or take a picture and email it to her!</p>	<p>Create a listening game! Find some objects that make sound. Have someone close their eyes while you make a sound with the object you choose. Can they guess what the object is?</p>
<p>Did you know that every story has a problem? Read a story with a family member and discuss the problem in the story and what the solution was.</p>	<p>Sorting is "putting things together that are the same in one way".</p> <p>Get a big pile of socks. Can you sort them by colour? How about by shape? Can you sort them by size? How about by texture?</p>	<p>Sit by your window and draw or paint the view outside.</p> <p>What do you see? What is the weather? How does the view make you feel?</p>	<p>Go on a picnic with your family. It can be either inside or outside!</p> <p>Make some snacks and enjoy the time together. Make sure to say grace before you eat.</p>	<p>Use your imagination and building skills to create a marble run! You can use recyclables and tape to make it. See if you can make it on a wall or fence. No marbles? That's ok! Find a small pebble or something else that rolls!</p>
<p>Choose a plant (ie: vegetable, flower, tree...) and use a book or the internet (with parent supervision) to learn more about it. Can you write the name of your plant? Can you draw and colour your plant? Can you write one fact you learned?</p>	<p>Decorate your sidewalk or driveway with patterns using sidewalk chalk.</p>	<p>Listen to instrumental music.</p> <p>Draw or paint how it makes you feel or what it makes you think of.</p>	<p>Go on a Prayer Walk with your family.</p> <p>When you are on your walk stop to say a prayer of gratitude for the things you see that you are grateful for.</p>	<p>Set up a library in your house! What supplies will you need?</p> <p>Have your family come to "borrow" books from you.</p>
