

# WEEK 12 KINDERGARTEN ACTIVITIES FOR HOME LEARNING

Please try to do at least one activity from each column each week.  
A goal of 1 hour of learning a day for your child is optimal.

## OBJECTIVES WE ARE WORKING ON THIS WEEK

- Connect sounds and letters
- Be able to draw, record or tell about ideas and experiences
- Understanding and using "same" and "different"
- Participate in daily prayer
- Count to 10 forwards and backwards
- Use a variety of materials and tools to develop hand and finger strength

Literacy	Numeracy	Wellness	Religion	Play
Draw and write your favourite kindergarten memory from this year. It was such a wonderful year together!	Go on a 2D shape hunt in your home and then again in your yard!. Find the following shapes: circle, triangle, square, rectangle, diamond and heart.	Go for a walk and make a bouquet of flowers you find outside.  Find someone special to give your bouquet to.	As a family sit and colour together. While you are colouring, pray silently to Jesus.  I.e Thank-you for.. Ask him for... Help me...	On a sunshiny day, play outside with water! Maybe you have a sprinkler? Or a pool? Or a bucket to play with? Have fun with water in your yard!
There are 3 ways to read a story; read the words, read the pictures or retell the story. Get your favourite book and a flashlight and go page by page reading the pictures and retelling the story to your family.	Go for a walk in your neighbourhood. Bring a piece of paper and a pencil with you. Keep a tally of the different coloured doors you see. Which coloured door did you see the most of? The least?	Create a "summer fun list" with your family! There are so many fun version online like this one! <a href="#">The Ultimote Summer Bucket List</a>  What 10 things do you want to do as a family this summer!	Get into a prayer routine this summer.  Pray when you wake up and before you go to bed.	Go outside and lay in the grass.  Look up at the clouds. Can you see any pictures in the clouds?
Find a postcard online or at a local store. Send someone a "Happy Summer!" message in the mail! Walk to the mailbox and send it away.	Play a game of catch with a family member. Count how many times you catch the ball without dropping it. Can you get to 10? 20? If you don't have a ball, use a rolled up sock or a frisbee!	Grab a cold treat and head outside.  A popsicle or an ice cream or a freezie in the yard would be a nice way to spend some time!	Make a "gratitude" poster.  Write the words "I am grateful for" in the middle of a piece of paper. Have each person in your family, draw things/people they are grateful for. Display the poster on your fridge or in a window.	Set up a lemonade stand!  What supplies will you need? What will you say? What information will your customers need to know?
Letter Museum Choose a letter of the alphabet. Now find at least 5 items that begin with that letter and arrange them like they are in a museum. Have a family member attend your museum and try to guess the letter. (You can use a different letter of the alphabet each week this summer to keep up with your letter sounds!	Compare with Nature  Find a stick. Find 3 things longer than the stick and 3 things shorter than the stick. Find a rock. Find 3 things heavier than the rock and 3 things lighter than the rock.	Pack a lunch and go on a picnic with your family.	Read your favourite bible story together as a family. If you need some suggestions, Mrs. Cormican's favourite is Matthew 18: 12-14 and Mrs. McIntosh's favourite is John 9: 1-23.	Make your own BINGO cards and play BINGO with your family.  I.e. numbers, alphabet, animals, shapes etc.
